Re: United States vs. Corey Roane  
Criminal Action Number: 07-113-SLR

Dear Judge Robinson:

Your Honor permitted the parties to determine a briefing schedule in relation to the suppression issues in this case. After recent discussions between the parties, it was agreed that the Defense could file its Answering Brief on May 21, 2008 and that the Government would file its Reply Brief no later than June 3, 2008. Provided that there are no issues that require additional filings with the Court, this schedule moves back the proposed completion of briefing date by no more than one week.

Respectfully submitted,

Christopher S. Koyste
